

TAL

INT. SALON - DAY

MEGAN (PROFESSIONAL TANNER), 20s, a sweet, mid-western, girl-next-door type wearing a skimpy slip dress stands before a bald, over-weight man. He is wearing a robe. \*

MAN

I've never done this before. \*

MEGAN

(calming)

Don't be nervous. Just try and relax. \*

MAN

If anyone ever found out about this I'd never live it down. \*

MEGAN

My client list is completely confidential. You'd be surprised at all the men like yourself who come to me. Studio heads, famous actors--

MAN

I don't think I can do it. \*

He starts for the door. She gently takes his hand pulling him back. \*

MEGAN

Yes you can... Come here. I'm not going to bite you. Now take off your robe.

She holds out her hand. He reluctantly undoes the belt. She takes the robe and hangs it on a hook.

MEGAN (CONT'D)

Good. Now just stand there and relax...

She gets on her knees and smiles - then she grabs spray tan guns and starts spraying him with self tanner.

MAN

This is awkward, I'm kind of self-conscious about my body. \*

MEGAN

(kindly)

Please, you look great. \*

(MORE) \*

MEGAN (CONT'D)

Can you lift up your stomach fold  
so I can get in the crease?  
Otherwise you'll have a big white  
line.

MAN

(embarrassed)

Oh, boy, I need a drink...

MEGAN

No problem, we have Smartwater and  
Perrier-- Oh, wait. You meant  
alcohol, didn't you?

MAN

I did.

MEGAN

Sorry, it never occurs to me  
because I don't drink. I'm also  
Christian.

(pleasantly)

Spread your butt cheeks and bend  
over, please.

MAN

Oh, dear God....

MEGAN

That's it! You're doing great,  
it'll be over in a jiff.

MAN

This stuff smells like maple  
syrup.

MEGAN

I know, right? That smell reminds  
me of my childhood. I'm from Ohio,  
and there was this great waffle  
place we'd go to every Sunday after  
church.

(perky; pleasant)

Move your penis to the left,  
please? I need to get your upper  
thigh...

MAN

Oh man, this feels really wrong...

MEGAN

Relax you're almost there. You're  
gonna be the perfect color for St.  
Bart's!

MAN  
(relaxing a little)  
I so need this vacation.

MEGAN  
I love the islands. I mean, I've never actually been to one, but I Google them all the time when I can't sleep. In fact last night I was checking Maldives. Did you know it's sinking?

MAN  
I didn't.

MEGAN  
Yeah, global warming.

MAN  
That's terrible.

MEGAN  
It's everywhere. I feel the most for the polar bears. Poor things have to swim so much now. They seem so sad. I hate seeing animals suffer.

MAN  
Me too.

MEGAN  
I love animals.

They contemplate the weight of it all for a moment. Then...

MEGAN (CONT'D)  
(upbeat)  
Penis to the right.

He obliges. She keeps spraying as we...

FADE OUT.
