ELLIOT

I know it's not my business, but
are you two dating?

YUMI

(shy)

Yep.

ELLIOT

That's so cool. I can see that.
You two are cool together.

YUMI

You're saying cool a lot. Which
means you definitely don't think
it's cool.

ELLIOT

It's cool.

YUMI

It's too much, right? Him showing
up every day?

ELLIOT

A little. I keep hoping one day he
won't be out there. You know, for
your sake.

YUMI

What do you mean, "my sake"?

ELLIOT

Relationships are difficult. Don't
let it impinge on your good
standing here.

YUMI

Definitely not. Won't happen.

ELLIOT

Good. So what's the latest on this
Bangles fiasco?

YUMI

(busted)

Oh, uh, I can explain.

ELLIOT

Please do.

YUMI

I got word from an assistant that they were unhappy with the label--

ELLIOT

And you took it upon yourself to ask them?

YUMI

Oh God no! I would never.

ELLIOT

But that's what I'm hearing.

YUMI

No! Who said that? I passed that information on to Darrel who I *assumed* would take it to you. I didn't feel it was appropriate for me to tell you directly.

ELLIOT

You told Darrel.

YUMI

Yes!

ELLIOT

Yumi, you're my assistant now. You and I need to communicate at all times. We need to foster open dialog. If you have information that you feel is important for me to hear, by all means... I need that sort of energy in this office.

YUMI

I understand.

ELLIOT

Do you?

YUMI

Yes. I guess I'm still a little gun shy from my last boss.

ELLIOT

You're okay - trust me. I hold you in high regard, Yumiko. You're a team player and I cherish that.
